

FISH AND LEAVES MAKING COMPETITION

17th July 2019

CLASS V

Keeping the Motto in mind, i.e., Learning by doing, the students of Class V had a fun activity to revise the concepts done in the class and introduced to the fact that plants have life like them and they need food, sunlight and water to grow like them.

The Competition/Activity include Fish & Leaves Making Competition for Class V. The activity was very interesting and informative.
