## Hindi Recitation Competition

2019 – 20

Keeping in mind as beauty is the realm of poetry, we have organized Hindi recitation competition for classes I to VIII. Taking all these facts i.e rhyme, thoughts, feeling, rhythm, the children got an opportunity to exhibit their talent and confidence. Participants were judged on parameters like clarity, body language, expression pace, memorization. The students came up with different poems and recited them with great fervor and enthusiasm.
